

# Mesa Fire Department Celebrates Heart Awareness Month

## Learn Hands Only CPR

**In 30 minutes you can  
learn to save a life!**

Would you know what to do if an adult suddenly collapses and is unresponsive?

Nationally less than eight percent of people who suffer cardiac arrest outside the hospital survive.

In Mesa, when bystander CPR is performed prior to fire crews arriving on scene for witnessed sudden cardiac arrest, survival rates are over 60%.

**Join us at the Mesa Library branch of your choice...**

**Class times: 11 am and 1 pm**

**Feb. 13th**

**Main Branch  
64 E. First Street  
480.644.3100**

**Feb. 15th**

**Red Mountain Branch  
635 N. Power Road  
480.644.3183**
