

# City Council Report

**Date:** June 22, 2009  
**To:** City Council  
**Through:** Bryan Raines, Deputy City Manager  
**From:** Edward Quedens, Business Services Director  
**Subject:** Purchase and Installation of Telephone and Data Network Equipment for the Municipal Court (Contracts #EPS060043-18-A4 and #EPS060043-32-A3)(Law Enforcement Construction Bond Funded) "Citywide" contract

## Purpose and Recommendation

Council is requested to approve the Purchase and Installation of Telephone and Data Network Equipment as recommended. State contract pricing was evaluated by the Information Technology and Business Services Departments.

The Business Services Department recommends authorizing purchase from the cooperative contracts with Enterasys Secure Networks at \$233,288.54 and Black Box Network Services at \$41,878.33, for a total of \$275,166.87, including applicable taxes.

## Background/Discussion

The requested purchases will provide telephone and data network equipment and related services to allow required standard telephone communications and computer network connectivity for Municipal Court and City Prosecutor staff who will occupy the new court building. These purchases are essential for the projected January 2010 completion of this capital project (# 01-850-001).

## Alternatives

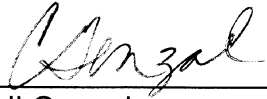

Council may choose not to authorize purchase from the State of Arizona contracts and new bids will be obtained.

## Fiscal Impact

The total amount of \$ 275,166.87 is available from existing bond proceeds through Law Enforcement Construction Bond funds.
