City Council Report

Date: July 1, 2009
To: City Council
Through: Bryan Raines, Deputy City Manager
From: Edward Quedens, Business Services Director
Subject: Term Contract for Reflective Sign Sheeting for the Transportation Department, Field Operations
"Citywide" contract

Purpose and Recommendation

Council is requested to approve a Term Contract for Reflective Sign Sheeting as recommended. Contract pricing was evaluated by the Transportation and Business Services Departments.

The Business Services Department recommends authorizing purchase from the cooperative contract with 3M Company at \$40,000.00, for the remaining contract period through May 31, 2010, based on estimated requirements.

Background/Discussion

Reflective Sign Sheeting is used extensively in the Field Operations Sign Shop to fabricate and maintain Mesa's street name and traffic control signs. There are currently more than 59,000 such signs installed throughout the City, many of which are essential for public safety, i.e. Stop, Yield, Do-Not-Enter, One Way, Detour, as well as many warning signs and School Crossing signs.

The term of this contract will be for 11-months only, as the current co-op contract is valid through May 31, 2010 and no remaining contract extensions are available.

Alternatives

Council may choose not to authorize purchase from this co-op contract and new bids will be obtained.

Fiscal Impact

The total amount of \$40,000.00 is available in Transportation Department's budget.
