RE: Air Force Research Laboratory, Mesa AZ, CERFA Designation

Dear Mr. Edwards

This is in response to your letter of February 6, 2007 requesting EPA concurrence on AF's determination that the Mesa Research Lab property is uncontaminated. We have reviewed the April 2007 Environmental Condition of Property Report and have no comments on the document. However, formal concurrence on the CERFA condition of property designation is usually granted at the time of acceptance of the Finding of Suitability to Transfer or Lease (FOST/FOSL). Based upon the information provided, we do not see any issues to prevent you from moving forward with the property transfer process.

Thank you for the opportunity to review the document. If you have any questions, please contact me at (415) 972-3150.

Sincerely,

A handwritten signature in black ink, appearing to read "Carolyn d'Almeida".

Carolyn d'Almeida  
Remedial Project Manager
