City Council Report

Date: May 18, 2009
To: City Council
Through: Bryan Raines, Deputy City Manager
From: Edward Quedens, Business Services Director
Subject: Purchase of Two (2) Replacement Heavy-Duty Chassis Vehicles with Roll-Off Container System for the Solid Waste Management Department (Mesa Contract #2009102)
"Citywide" contract

Purpose and Recommendation

Council is requested to approve the Purchase of Two (2) Replacement Heavy-Duty Chassis Vehicles with Roll-Off Container System as recommended. Bid pricing was obtained and evaluated by the Solid Waste Management, Fleet Services and Business Services Departments.

The Business Services Department recommends awarding the contract to the lowest, responsive and responsible bidder, Vanguard Trucks of Phoenix at \$389,802.02, including applicable sales tax.

Background/Discussion

These vehicles will be utilized in the transport and disposal of construction debris, yard waste and other types of solid waste/refuse materials for both commercial and residential customers throughout the City. Both vehicles have met established criteria for replacement (each is model year 1996 with more than 450,000 miles) and have become extremely costly to operate. The retired vehicles will be sold at auction.

Four bids were received; three were determined to be non-responsive as they did not meet specifications.

Alternatives

Council may choose not to award this contract and new bids will be obtained.

Fiscal Impact

The total award of \$389,802.02 is available through Fleet Services' Vehicle Replacement Program budget.
