Note: This schedule is not all inclusive and other fees may apply; these fees are subject to an annual adjustment.

Instructions:

The annual encroachment fees for wireless communications facilities in the rights-of-way categories above shall be administered according to the following rules:

- 1) The fee structure shall apply to the installation of any antennas, antenna structure, ground equipment, electronics, cabinets, power supply, power supply installed for the purpose of the wireless communication facilities and other appurtenances required or associated with the operation of a WCF in the city's rights-of-way (ROW), city easements (CE), and public utility easements (PUE).
- 2) All WCF in the ROW, CE and PUE must have a wireless communication license (WCL) submitted to the city for each WCF site installed and operated in the ROW, CE, and PUE.
- 3) WCF sites in ROW, CE and PUE that are modified, upgraded, extended or enhanced shall be subject to the most current fee schedule.
- 4) Antenna Structure and Base Fee - In cases where the existing vertical element is replaced for structural purposes with a pole designated to support the antennas and cabling, the WCF will be categorized as being installed on an existing vertical element. There may be a linear foot fee for fiber that runs outside the footprint.
- 5) Ground Equipment Fee - The ground equipment measurement is calculated by the size of a four-sided "box" (parallel sides of equal length) with a top panel that is parallel to the ground so that the box will cover the ground equipment from the top of the equipment to the ground (non-improved dirt surface), and from side-to-side, including any foundation or pad for the equipment. For situations where there is more than one ground equipment fixture or cabinet (adjacent to each other or within the same use are), the equipment fixtures,

cabinets and generators are deemed to be part of the same contiguous ground equipment space and will be measured together within the same box. Any remote radio heads or remote radio units mounted to a cabinet post, or wall in the same area with the ground equipment shall be included in the measurement for the ground equipment.

6) WCF sites that have antennas installed on a vertical element in ROW, CE and PUE, but the ground equipment installed on private property, will be assessed the applicable antenna fee.

7) WCF sites with antennas on a vertical element located on private property, but the ground equipment in the ROW, CE, and PUE will be assessed the applicable ground equipment fee.

8) WCF installation shall be reasonably coordinated and co-located with the city and other wireless providers to accommodate co-location opportunities for common installation and placement. The applicant shall demonstrate that the engineering of the WCF and the placement of ground-mounted equipment will accommodate other wireless providers.

9) The annual WCF in the ROW permit fee does not include fees and charges for any other city fees, taxes, permits, plan review fees, inspection fees, or any other services or approvals that may be required by the city.

10) WCF applications shall obtain an encroachment permit for installation and an annual maintenance/emergency permit to work in ROW after initial construction.
