

PRIVILEGE TAX

PRIVILEGE (SALES) TAX

The City of Mesa imposes a one and three quarter percent (1.75%) privilege (sales) tax on the gross receipts from the types of business activities described herein. Privilege tax is often passed on to the business' customers as "sales tax." However, this is a tax on the privilege of doing business and is not a true sales tax.

Privilege tax revenues are used to finance the cost of various City services such as police, fire, parks and recreation, streets, etc.

PRIVILEGE TAX LICENSE

Applications for privilege tax licenses may be obtained on our website, by mail or in person at the Municipal Building at 55 N. Center Street. Or by phone at (480) 644-2316. The City charges a non-refundable application fee of \$30.00.

The privilege license shall be valid only for the calendar year in which it is issued unless renewed each year by filing the appropriate application for renewal and paying the renewal fee of \$20, which is due and payable on January 1st and shall be considered delinquent if not received on or before the last business day of January.

You must apply for a license if you are engaged in any activity subject to the City's Privilege Taxes as a principal or broker. Also if you maintain within the City directly, or if a corporation by a subsidiary, an office, distribution house, sales house, warehouse, or other place of business, or any agent or other representative operating within this City under the authority of such person or if a corporation, its subsidiary, irrespective of whether such place of business or agent or other representative is located here permanently or temporarily or whether such person or subsidiary is authorized or licensed to do business in this State or this City, a license is required. In addition a license is required if you are soliciting sales, orders, contracts, leases, and other similar forms of business relationships within the City from customers, consumers, or users located within the City by means of salesmen, solicitors, agents, representatives, brokers, and other similar agents or by means of catalogs or other advertising, whether such orders are received or accepted within or without this City.

Each business is required to have a separate license for each Mesa location or business name. All businesses located in Mesa are required to comply with all zoning, building, and fire codes. If you operate a business within your home, you

must comply with Mesa zoning requirements. Certain businesses may also be subject to the requirements of the Arizona Department of Health Services or other State agencies.

Transactions between related companies or persons are taxable by the City of Mesa. See Mesa City Code Section 5-10-100 for the definition of a "Person", Section 5-10-210 "Determination of gross income: transactions between affiliated companies or persons", and Section 5-10-220 "Determination of gross income: artificially contrived transactions".
