Fourth and Subsequent Re-submittals of Drawings

Applicants submitting revisions to permit applications and drawings beyond the third submittal and prior to the issuance of a permit will be assessed an additional plan review fee calculated at the rate of \$120.00 per staff hour, with a minimum of two hours.

Addenda to Permitted Drawings

Applicants submitting changes to approved plans after a permit has been issued that do not expand the scope of the permit will be assessed an additional plan review fee calculated at the rate of \$120.00 per staff hour, with a minimum of two hours. A non-refundable deposit of \$120.00 for each addendum shall be collected with the submission of each addendum. Changes that expand the scope of the project may be required to obtain a new permit as determined by the Development and Sustainability Department.

Stand Alone Permits

Stand Alone Permits are those that involve separate plumbing, mechanical, electrical, fire protection or other construction work not requiring a Building Permit or that are not part of a Building Permit. Valuations determined by the Applicant and verified by the Plans Examiner. Stand Alone Permit Fees shall be calculated by applying the Valuation to the Residential Rate Table.

Standard Plans

Standard Plans are building drawings that are intended to be used on more than one site. These are plan reviewed in advance of the submission for permits and retained in Development and Sustainability until needed. There is no fee for reviewing Standard Plans for the initial and up to two re-submittals. The fee for additional reviews beyond the third submittal and for revisions to the Standard Plans is \$120.00 per staff hour, with a minimum of one hour. If the average number of aircraft operations at Falcon Field decreases by 20% or more from the year-over-year numbers by month (i.e., a reduction that is 10% or more from the expected 10% reduction) for three (3) consecutive months, then the City Manager or designee, in City Manager's or designee's discretion, not more than once and within eighteen (18) months after initial adoption of landing fees, may increase landing fees by an amount equal to the average percentage decrease for the three (3) months in the amount that is greater than 10%. The increase is to fund full recovery of Airfield Cost Center costs and shall not exceed the amounts noticed in the Notice of Proposed Fees – Falcon Field Airport Fees posted on December 10, 2025 at mesaaaz.gov. By way of example, if the aircraft operations are reduced for three (3) consecutive months by an average of 21%, the City Manager or designee may increase the landing fees by 11%. Prior to any such increase in fees, the City Manager or designee shall provide a sixty-day (60) notice of the increase in fees before they go into effect.

² **Landing Fee Exemptions.** The following are exempt from landing fees:

- a. The first ten landings each month by an aircraft based at Falcon Field.
- b. Rotorcraft, drones and eVTOL landing on exclusive use ramps.
- c. Emergency landings in which a Federal Aviation Administration (FAA) Alert I, II, or III is declared.
- d. All but one of the landings performed in a continuous session for training and testing purposes during which a rotorcraft is: hovering and landing in a fixed location; moving in the rotorcraft training/testing traffic pattern; moving back and forth between the Echo ramp and a private ramp; or performing any combination of the foregoing.
- e. Aircraft (including rotorcraft, eVTOL, and drones) owned by federal, state, local government and government agencies, political subdivisions of the state, and federally approved foreign governments ("Government Agency").
- f. Aircraft (including rotorcraft, eVTOL, and drones) under contract for sale to a Government Agency through a Department of Defense process or with the oversight of the Defense Contract Management Agency, or to a foreign government under a Direct Commercial Sales contract, when operating in furtherance of such United States or foreign government contract.
- g. Aircraft (including rotorcraft eVTOL, and drones) owned by based tenants landing at Falcon Field as part of production flight testing prior to delivery to an end-use customer.
- h. Flights conducted in support of government functions, including public safety, search and rescue, disaster response, infrastructure protection, and emergency operations.
- i. Special events sponsored by the City of Mesa and flights for medical purposes (transporting patients, blood, or organs) and animal rescue purposes. Does not include flights intended to promote, market, or increase interest or education in aviation.

³ **Policies and Procedures for Implementation.** The City Manager or designee, in City Manager's or designee's discretion, may adopt policies and procedures, including definitions, as needed for the implementation and administration of the landing fees in a commercially reasonable manner similar to other comparable general aviation airports.

FEE POLICIES

Fee Assistance: The fee assistance program provides financial assistance to participants in selected programs when participation would otherwise not be possible due to economic hardship. Individuals who qualify for the public school free or reduced lunch program and/or federal subsidy recipients may receive a discount on selected program fees. Eligible programs are identified with an asterisk (*).

Scholarships: Scholarships may be offered for participation in selected programs when an outside source provides funding that either covers the entire program or a portion of the registration fee according to the terms of the financial support. Scholarships are available for Mesa residents only.

Refunds and Credits: Refunds or credit may be given to a household account for reasons of illness, emergencies, etc.

Fee Adjustments: It is understood that on occasion special consideration may be needed in determining fees for groups or individuals having circumstances uncommon to those in the fee structure criteria. In these cases, the Parks and Recreation Director (or designee) will review all such requests. Requests shall be submitted in writing to the Director (or designee) prior to the event, activity or service. The request may be taken to the Parks and Recreation Board for consideration, as determined by the Director.

In addition, the Director is authorized to institute special discounts, promotions or other short-term fee adjustments that are of benefit to the City, program and/or service.

Contracts / Agreements: Individual contracts or agreements are negotiated with various community groups that establish specific fees and charges as part of the approved contract or agreement. Examples include Mesa Public Schools, Gilbert Public Schools, Mesa Convention and Visitors Bureau, and Mesa Parent Youth Athletic Association.

Marketing: Printing and marketing costs associated with division brochures are included in program fees.
