**Notes:**

1. Year-to-date actuals as recorded in the financial system.
2. FY 2023/24 actuals for Local Sales Tax and State Sales Tax were above their budget as the budgeted amounts anticipated a slowdown in economic activity due to the impact of inflation and increased interest rates. FY 2024/25 budgeted revenues anticipate slight decreases to these revenues.
3. Urban Revenue Sharing revenues are received with a two year lag. FY 2024/25 is lower than FY 2023/24 due to the implementation of the State flat income tax.
4. The Other Revenues year-to-date actuals increase for FY 2023/24 is primarily driven by increased interest on investments due to higher interest rates, and increased residential and commercial building permits.
