**Notes:**

1. Year-to-date (YTD) actuals as recorded in the financial system.
2. FY 2025/26 Local Sales Tax collections are expected to be in line with the FY 2024/25 actuals. Most sales tax categories are increasing above the prior year but total collections show little growth due to the loss of Residential Rental Sales Tax revenues. FY 2025/26 year to date actuals are above the projected annual growth due to the timing of the receipt of funds from the Department of Revenue.
3. Urban Revenue Sharing revenues are received with a two year lag. The FY 2025/26 revenues will be lower than FY 2024/25 due to the implementation of the State flat tax.
4. The Other Revenues in FY 2024/25 are higher primarily due to increased commercial and residential building permits, Fiber to the Premises program inspection fees, and interest on investments.
5. FY 2025/26 budgeted Other Transfers amounts included savings from reserves for the Mesa Climate Action Plan and City Hall construction project that will be transferred back to the General Fund. The FY 2025/26 projected amount is reduced from budget to reserve funds for future land and facility acquisitions.
