SAFETY PLANNING PHONE APPS

myPlan is a mobile app and safety planning tool, aimed to empower those affected by Intimate Partner Violence to make safety decisions regarding their abusive relationships. The myPlan app also allows friends of survivors to support others in violent relationships. Created by the ASU School of Social Work. To download, please visit: <https://socialwork.asu.edu/gender-violence/research/myPlan>

DocuSAFE is a free app that helps survivors collect, store, and share evidence of abuse, such as domestic violence, sexual assault, stalking, online harassment, and dating violence. Launched by the National Network to End Domestic Violence.
<https://www.techsafety.org/docusafe>

TechSafety is a free mobile app containing information that can help someone identify technology-facilitated harassment, stalking, or abuse and includes tips on what can be done. It also includes additional resources on documenting abuse, talking with an advocate, contacting police, getting an attorney, and where to call for help.
