

ONLINE PUBLIC COMMENTS FOR JUNE 8, 2026 REGULAR COUNCIL MEETING

Response Submission Date/Time	Date of Council Mtg.	Agenda Item # -	Topic of Item	Support/ Oppose	Comments	First Name	Last Name
06/02/2026 19:58 PM	06/02/2026		287g	I oppose	Stop 287g with ICE. There are enough laws and resources with immigration, Mesa should not have to pay with our tax dollars, when there are better economic needs.	Sandra	Chandler-Niemann
06/04/2026 10:07 AM	06/08/2026		NTT Global PH10 Data Center	I oppose	I strongly oppose the construction of the proposed NTT Global PH10 Data Center in Mesa, Arizona.	Mary-Elizabeth	Meagher
06/04/2026 11:31 AM	06/08/2026	8008694	NTT Global PH10 Data Center	I oppose	Mesa does not want this! Our tax dollars should not subsidize projects that would actively harm residents and offer little to no benefits. No more data centers! Your duty as elected officials is to uplift our community and represent us. Your constituents are watching- make the right choice!	Sarah	Wallis
06/04/2026 18:45 PM	06/08/2026		NTT Global PH10 Data Center	I oppose	This proposed data center is a net loss for mesa. It is a massive waste of power and water and will only contribute to our heat.	Nick	Gleave
06/04/2026 20:59 PM	06/08/2026		Software Engineer	I oppose	Across the country, we are seeing the negative effects that these datacenters have. Aside from the inevitably increased prices, which will drive people out faster than	James	Kennedy
06/04/2026 21:58 PM	06/08/2026		Data Center in Mesa	I oppose	Data centers ruin water supplies, raise electricity prices, and overall decimate that quality of life in the areas around them. This is known. Look at every city who has trialed one. Allowing one in our city will ruin the city as we know it. It's a net negative from every important metric. We have so little water to spare and our power grid is already stretched thin. Mesa is for the residents - not for predatory big businesses. Do not allow data centers here, I beg of you.	Shauntel	Simper
06/06/2026 16:11 PM	06/08/2026		Mesa's 287(g) agreement with ICE	I oppose	Mesa's 287(g) agreement forces Mesa's police department to help ICE continue its inhuman treatment of people in at AROCC. That agreement must end.	Charles	White
06/07/2026 16:50 PM	06/08/2026		NTT Global PH10 data center	I oppose	I implore the city council members to vote no on the NTT Global PH10 data center to be built in Mesa. Arizona is already facing drought conditions that have resulted in some water restrictions and increased utility prices including water and electricity. This project will be of limited value to the citizens of Mesa and will not be a guarantor of jobs.	Carol	Payne
06/07/2026 17:15 PM	06/08/2026		Cancel 287(g) agreement	I oppose	Cancel this optional agreement with ICE.	Jillian	Ryan
06/07/2026 17:16 PM	06/08/2026		NTT Data Center	I oppose	Stop building data centers in our city! You are aware that we're a desert and water is an issue? I'd like my kids and the future generations to have a planet to live on, with clean water and air.	Jillian	Ryan
06/07/2026 20:25 PM	06/08/2026		287g	I support	Wow, with all the deranged people in other states protesting at ICE facilities I'm definitely NOT in favor of letting those people influence us and get rid of ICE. PLEASE KEEP our 287g Agreement in Mesa!!!	Mary	Maybeno
06/07/2026 23:05 PM	06/08/2026		287(g)	I oppose	Stop the MPD agreement with ICE!	Emily	Chaffin
06/08/2026 7:54 AM	06/08/2026		Data centers	I oppose	I strongly oppose the 170 acre Mesa data center. Arizona is in severe drought, and the GAO reports large data centers use 1-5 million gallons of water per day—as much as 50,000 residents. Noise impacts are also well documented and harmful. Chandler rejected a similar AI data center on Dec. 12, 2025 over these same concerns. Mesa must protect its citizens and water future. Vote NO.	Janita	Sesniak
06/08/2026 8:49 AM	06/08/2026		287(g) agreement	I oppose	I didn't vote for this agreement.	Marlissa	Valenzuela
06/08/2026 10:03 AM	06/08/2026		Data Centers -	I oppose	As a resident of Mesa I would like to voice my opposition to the building of any new data centers in the East Valley, specifically the NTT Global PH10 Center. Mesa is	Allison	Baumann
06/08/2026 10:15 AM	06/08/2026		287(g)	I oppose	this agreement is ruining the trust between Mesa police and our community. We do not feel safe to trust anyone now if you want a community to be stable and trust authorities, we have to take this agreement down. And never bring it back.	adela	ramos
06/08/2026 11:21 AM	06/08/2026		Proposed data center	I oppose	Water is a premium item in Arizona. We do not have the water resources for a new data center. There is no need to build this in Mesa limits. There will not be a plethora of jobs after the construction, which will be pre-fab. You're making a huge mistake as Council members if you choose to go forward with this as Mesans don't want it. Entire subdivisions were built on the premise of no new data centers only to now be surrounded. We need more transit, not idle buildings staffed by maybe 6 people.	Suzi	Dowhie
06/08/2026 11:40 AM	06/08/2026		NTT Global PH10	I oppose	I oppose the construction of the NTT Global PH10 data center in Mesa, Arizona.	Brandon	Meagher
06/08/2026 11:48 AM	06/08/2026		Mesa PD ICE agreement 287g/NO MORE DATA CENTERS IN MESA	I oppose	Stop buildings data centers in Mesa!!!! End stop the optional agreement Mesa PD and ICE have in place, do whats right!!	Rocio	Patino
06/08/2026 11:50 AM	06/08/2026		Opposition of Mesa's VOLUNTARY 287(g) Agreement	I oppose	I oppose the 287(g) program due to the state's controversial history of aggressive immigration enforcement & past civil rights violations, particularly during SB 1070 which engaged in systematic racial profiling of Latinos under the guise of public safety. This left decades of community distrust, making both immigrants & citizens alike wary of reporting crimes or cooperating with local law enforcement due to possible immigration consequences. It forces local police to carry out federal immigration duties, which undermines trust, weakens public safety & deepens divisions within our communities.	Rachael	Hohenadel-Paetz
06/08/2026 11:56 AM	06/08/2026		Data Center	I oppose	Our water is a valuable resource, corporations should not be subsidized by the people.	April	Joy
06/08/2026 11:56 AM	06/08/2026		I against Data centers in Mesa what the water electricity	I oppose	Please sure this does not happen here.	Rob	Bradach
06/08/2026 11:59 AM	06/08/2026		New data center	I oppose	Data centers are nothing more than resource consumers while giving very little back to the community. Whatever jobs are created for construction will diminish once the center is built. These expansive centers require very little human support once built.	Nancy	Neff
06/08/2026 12:02 PM	06/08/2026		Data Center NTT PH10	I oppose	We have an unprecedented water shortage. We cannot support a data center in Mesa. I strongly oppose this.	Cindy	GasparRust
06/08/2026 12:32 PM	06/08/2026		Mesa's 287(g) agreement with ICE	I oppose	I favor abolishing ICE as it has shown itself to be beyond reformation. It should be abolished so that we can start from scratch with an agency that respects the constitution and the rule of law, by respecting the due process rights of all persons in America. Mesa can send a message that it will not participate in immigrant persecution by refusing any 287(g) agreement with ICE. ICE has shown itself to be unready for a role in Mesa. Mesa Police should not have to associate with ICE thugs. Instead of budget cuts to social programs, we can save money by not paying for our police to assist ICE.	Danny	Hart
06/08/2026 12:40 PM	06/08/2026		287g	I oppose	I oppose the 287g agreement the Mesa Police Department has with ICE. To work with an organization known to violate human and constitutional rights is a show of support of such actions. Mesa does not need ICE in our communities to be safer. Mesa must invest in their residents by improving their quality of life to create a stronger, and more welcoming environment.	Jessie	Hernandez
06/08/2026 12:51 PM	06/08/2026		287(g) agreement	I oppose	Cancel the 287(g) agreement	Jennifer	Gruetzmacher
06/08/2026 12:59 PM	06/08/2026		287(g)	I oppose	Please end the 287(g) agreement with ICE. People should not be afraid to report a crime or come forward as a witness to a crime for fear of being sent to a	Deanna	Dandy
06/08/2026 13:05 PM	06/08/2026		NTT Global PH10 data center	I oppose	I cannot stress enough how supremely moronic and asinine it is to build a power- sucking data center in the middle of the desert. We the working class know the environmental and financial cost this will have because we will be the ones carrying the weight. The summers are getting worse and SRP keeps raising their rates and now you want to cripple us by prioritizing profit over the general population. It truly is astonishing the lengths you've gone to silence dissent so let me paint you dumb babies a picture: struggling Arizonans + data center + 100+ degrees = not a fucking picnic	Luca	Williams

ONLINE PUBLIC COMMENTS FOR JUNE 8, 2026 REGULAR COUNCIL MEETING

Response Submission DateTime	Date of Council Mtg.	Agenda Item # -	Topic of Item	Support/ Oppose	Comments	First Name	Last Name
06/08/2026 13:07 PM	06/08/2026		NTT & 287G	I oppose	No more data centers in Mesa or AZ. It's hot enough here we don't need to become a heat island. End 287(g) agreement now!	M	Jimenez
06/08/2026 13:07 PM	06/08/2026	NTT PH10	Data centers	I oppose	I'm not in favor of this!! Please reject this nonsense!! How bout building more affordable housing in or around Mesa?! That's what we need, NOT more data centers!	Stacey	Speer
06/08/2026 13:17 PM	06/08/2026		Data Center, 287g	I oppose	I oppose any additional data centers from being built, and also oppose the continuation of any currently in construction. I also strongly oppose Mesa cops working with ICE/DHS through 287g	Elizabeth	Humphrey
06/08/2026 13:20 PM	06/08/2026		No to NTT Data Center	I oppose	Do not approve the NTT Data Center. This will double or triple utility costs, use massive water resources, and cause noise and environmental pollution. Don't jeopardize the safety and the future of Mesa residents, and reject the business interests of billionaires. We elected you to uphold the best interests of Mesa families and residents.	Sam	Javelosa
06/08/2026 13:29 PM	06/08/2026		Data Center in Mesa	I oppose	I would like to submit my disapproval of another Data Center being approved in Mesa. These businesses are a drain on our resources. As a member of the Mesa community, I would like to voice my opinion in this matter.	Kate	Petersem
06/08/2026 13:33 PM	06/08/2026		NTT PH10 Data Center and 287(g)	I oppose	The NTT Global Data Center should not be allowed to be built. There are already over 4 million square feet of data centers in Mesa. This would add 2 million more! At the same time add very few long-term jobs after construction, use valuable water, add additional noise pollution, increase infrastructure costs and likely not increase the tax base as much as other possible uses for the land. It is a terrible idea for the city and citizens to allow this project to go forward. Also, end the 287(g) agreement as it is detrimental to Mesa and the citizens making the city less safe and desirable.	Jim	Beck
06/08/2026 13:38 PM	06/08/2026	NTT Global PH10.	NTT Global PH10.	I oppose	I have seen council members from other cities deal with this topic and it looks like council members favor industry more then the fears from the people that elected them. Please favor the that are practicing their freedom rights to tell you, We Are afraid. And weather industry is right or not, vote against this data center movement.	Jose	Benavides
06/08/2026 13:39 PM	06/08/2026		Keep 287G / defund LIGHTRAIL	I support	KEEP 287G contract with ICE!! DO NOT FUND THE LIGHTRAIL	Suzette	Coggins
06/08/2026 13:59 PM	06/08/2026		Data Centers	I oppose	I oppose the data centers. They are terrible for our environment and for our energy resources.	LeAnn	M

ADDITIONAL ONLINE PUBLIC COMMENTS RECEIVED AFTER 2PM FOR JUNE 8, 2026 REGULAR COUNCIL MEETING

Response Submission DateTime	Date of Council Mtg.	Agenda Item # -	Topic of Item	Support/ Oppose	Comments	First Name	Last Name
06/08/2026 15:05 PM	06/08/2026		Data centers, 287(g)	I oppose	Data centers heat up surrounding neighborhoods. They strain the power grid and our summers mean A/C can be life or death. They employ almost no one. Combined with the tax breaks they're given, they're contributing nothing to the local economy. It's just a drain on our resources. 287(g) means our police are collaborating with ICE. Of the people ICE detained in 2025, 5% had violent histories. Undocumented immigrants pay a higher effective tax rate than billionaires. They are a net positive for our economy. I don't care if you feel like that's not true. Facts don't care about your feelings.	Ella	Dandy
06/08/2026 15:29 PM	06/08/2026		Data Centers & 287g	I oppose	No more data centers in Mesa!!! We have too many already. End 287g.	Ryan	Jara-Bersch
06/08/2026 15:36 PM	06/08/2026		Traffic Construction Val Vista & Southern	I oppose	I have noticed that all businesses located near Val Vista & Southern are deeply hurt by the ongoing road construction. I have noticed as an example, the Safeway on Val Vista & Southern has very few shoppers as the store is very hard to access turning into the parking lot with all the no-turn signs. If this construction continues, a lot of stores will close due to no business and that is a shame! And what is this road construction doing? Putting in an island? What a major waste of money and I bet we are going to lose good stores.	Greg	Deibert
06/08/2026 15:53 PM	06/08/2026		Cancel 287g	I support	Please stop using my tax dollars to cooperate with ICE.	Jim	Walters
06/08/2026 16:14 PM	06/08/2026		NTT Global PH10 Data Center	I oppose	My name is Kelsey Glynn, and I am a mother of three young children living near Signal Butte and Queen Creek Road, just a few miles from the proposed NTT PH10 data center campus. While I do not live in Mesa, my family will still experience the impacts of this project. I am concerned about water use, energy demands, air quality, noise, traffic, and the cumulative effects of adding another massive data center to our region. I urge the Council to prioritize the health, sustainability, and quality of life of East Valley families before approving this project.	Kelsey	Glynn
06/08/2026 16:28 PM	06/08/2026		I oppose the Data Center at Pecos and Crismon and I oppose the Continued agreement with ICE.	I oppose	We don't need another data center and we don't have the water resources to adequately support the population.	Robert	White
06/08/2026 17:31 PM	06/08/2026		No data centers	I oppose	I oppse any the Mesa police department having any involvement with ICE. Also I do not want any data centers. Listen to your constituents!	Gail	Graves
06/08/2026 17:43 PM	06/08/2026		Data Center proposal	I oppose	With our options for additional sources of water limited, it would seem best to not have one more data center. Mesa residents need water to survive. Jobs are important, but not when it threatens our very survival. I hope the Cou cil will look into other options for jobs. It's time. Thank you.	EDWINA	Vogan
06/08/2026 17:46 PM	06/08/2026		287g agreement	I oppose	Cancel the 287g agreement! We are the only city in the county with this agreement, it kills any trust in our police, it endangers our neighbors, it needs to end now!	Christopher	Windes II
06/08/2026 17:57 PM	06/08/2026		287g	I oppose	Please opt out of this harmful agreement that only creates fear and prevents citizens for reaching out to public safety.	Marissa	Luna
06/08/2026 18:02 PM	06/08/2026		Cancel 287g agreement between ICE and Mesa PD	I oppose	I've filled this form out at least 12 times. Obviously the agreements terrible, needs to be canceled, it's a danger to all in Mesa, not just immigrants, but especially them.	Kyle	Gerber
06/08/2026 20:14 PM	06/08/2026		287 (g)	I oppose	This needs to be abolished	Sophia	Rutkowski
