

# MESA POLICE TRI-STAR

## ***COMMUNITY LIVING IN A SAFER ENVIRONMENT***

- The Mesa Tri-Star Program is a partnership between the Mesa Police Department, property managers/owners or landlords, and residents working together in a cooperative effort to foster a safer community in rental properties.
- The Mesa Tri-Star Program is designed to help residents, owners and managers of rental property keep drugs and other illegal activity off their property.
- By taking proactive steps to abate crime, you enhance the quality of life for tenants; making for a safer and more pleasant environment to live, work and raise families.
- Participating in the Mesa Tri-Star Program does not imply there is no crime on the property; it simply means properties are taking steps to deter crime and have consequences when tenants are involved in illegal activity on, near and off the property.

## ***How the program works***

The program utilizes a unique three-tiered approach to crime prevention designed specifically to the rental community.

- The first level is a multi-faceted approach that offers an on-line community manager training. This course covers requirements of the program, tools to combat illegal activity on the property, crime prevention and much more.
- In the second level, the property must meet landscape requirements which improves visibility and lighting on the property. Additionally, resident communication on crime prevention or safety related topics on a quarterly basis.
- The third level (fully certified Tri-Star property) provides training to the property maintenance supervisor. The property must also meet requirements for security of individual units and property lighting.
