

Addendum to Solicitation

Purchasing Office / City of Mesa • 20 East Main Street, Suite 400 • Mesa, AZ 85201

Issue Date: August 12, 2019

This addendum will modify and/or clarify: Solicitation No.: 2020020

and is Addendum No.: One (1)

Procurement Description: Replacement Batteries and Remote Battery Management Systems for Traffic Signal Battery Back-up Systems

Below is the City's response to a vendor question:

Vendor Question: On page 11 of the RFP under Scope of Work, 4.vi – it states that the RBMS shall include software to automatically poll each location for up to 1000 locations per system.

Should we use that 1,000 number as the number of locations for this bid i.e. Four 12 Volt batteries per location across 1,000 locations?

City's Response: The RBMS software shall have the capacity to accommodate 1000 locations, this does not apply to the quantity of batteries. Annual estimated usage for batteries is two hundred (200). This is found on the pricing sheet. Vendors **should not** use the 1000 locations x 4 batteries per location for the bid.

Please note: Bids are due no later than **August 21, 2019 – 3:00 p.m.** local Arizona time.

Please contact brandy.andersen@mesaaz.gov or evan.karl@mesaaz.gov with any questions you may have regarding this addendum.

The balance of the specifications and bid/proposal solicitation instructions to remain the same. Bidders/Proposal Offerors are to acknowledge receipt and acceptance of this addendum by indicating receipt on the Required Response Forms attachment of this bid/proposal response. Failure to acknowledge an addendum prior to bid/proposal opening time and date may make the bid/proposal response non-responsive to that portion of the solicitation as materially affected by the respective addendum.
