In accordance with 40 CFR 403.8(f)(2) of the Code of Federal Regulations and Mesa City Code Title 8, Chapter 4, the City of Mesa's Industrial Pretreatment Section is required to identify, locate, and evaluate all possible industrial and commercial users that might be subject to Mesa's Pretreatment Program. This "mandatory" survey is conducted to help prevent the discharge of wastewater that may:

- Damage components of the wastewater collection system;
- Expose personnel to health or safety hazards;
- Cause pass-through of pollutants at the wastewater reclamation plants, or interference with plant processes; or
- Contaminate bio-solids produced from such wastewater reclamation plants.

In accordance with Mesa City Code Title 8, Chapter 4, Section 17, your business is required to complete the below Industrial/Commercial Survey.

The completed survey should be submitted with construction plans. If you have any questions or need assistance, please contact my office.
