

Neighborhood Cleanup Program Application Process

Thank you for your interest in hosting a neighborhood cleanup event in your area. The goal of this program is to assist Mesa residents in maintaining the cleanliness and beauty of their neighborhoods by providing them with a means to dispose of large objects and oversized residential trash and debris.

Neighborhood Cleanup Program Request Process:

1. Fill out the Neighborhood Cleanup Program application packet and return to the City of Mesa Environmental Management & Sustainability Department.

By Email: NeighborhoodCleanupProgram@MesaAZ.gov

By Mail: Neighborhood Cleanup Program
City of Mesa Environmental Management & Sustainability Department
P.O. Box 1466
Mesa, AZ 85211-1466

By Fax: 480-644-3057
Attn: Neighborhood Cleanup Program

Application Checklist:

- ◆ Complete the Neighborhood Cleanup Program application
- ◆ Complete the Roll-Off Agreement
- ◆ Enlist the participation of at least 8 neighbors and have them sign the Neighborhood Cleanup Program Participant List with current homeowner information (*previous participant lists not accepted*)

Event dates will be scheduled on a first come, first serve basis and are subject to availability for your zone area.

2. Once your form is received, a City of Mesa Neighborhood Cleanup Program Coordinator will contact you to schedule your event date as well as review the logistics of the program, discuss coordinator responsibilities and answer any questions you may have at that time.

3. Approximately 3 weeks prior to your event, you will receive informational Neighborhood Cleanup Program packets. As the coordinator, you are required to distribute these packets to every resident within your Neighborhood Cleanup Program target area. The packets will inform them of the upcoming event, the location of the containers and the items that are accepted and not accepted. Failure to distribute these packets will make you ineligible to be the neighborhood coordinator for your community for future events.

Thank you for your service.

Questions? Please refer to the most FAQ's page or call the City of Mesa Neighborhood Cleanup Program Hotline at (480) 644-4791.

Neighborhood Cleanup Program ROLL-OFF AGREEMENT

NEIGHBORHOOD COORDINATOR: _____
ADDRESS: _____ ZIP: _____
DAY PHONE: _____ CELL PHONE: _____
EMAIL: _____

Container Placement Guidelines: Because this is a neighborhood event, containers are distributed evenly throughout the designated event area to provide convenient access to everyone. For safety concerns, the City of Mesa places all containers on the same side of the street, a safe distance from intersections and away from any obstacles that may interfere with a safe delivery and removal. The City of Mesa also does not set containers on arterial or minor arterial streets or in high traffic areas and keeps them a safe distance away from any traffic signals, traffic signs, fire hydrants, etc. Placement of containers is subject to final approval by the Environmental Management & Sustainability Department to ensure that container location does not violate City code or compromise resident or employee safety.

Accepted items in the white trash container: Furniture, wood, palm fronds, oleanders, old toys, mattresses/box springs, tree branches, BBQ grills, general large household debris

Items NOT ACCEPTED in the white trash container: Tires, paint, automotive fluids (oil, gasoline, antifreeze, etc.), pressurized tanks (propane/oxygen), dirt, rocks, concrete, block, construction materials, batteries, flammable/combustible materials, hazardous waste (chemicals, fluorescent bulbs, medical waste), and any appliances that were designed to contain Freon (refrigerators, freezers, air conditioners, water coolers, etc.)

Accepted items in the green waste container: Unbagged green yard waste (grass, leaves, branches 12" or less in diameter). *Due to the composting process, palm fronds and oleanders are not accepted.*

As the Neighborhood Cleanup Volunteer Coordinator, I acknowledge the following: (please initial each item)

- _____ I agree that I am the designated Neighborhood Cleanup Volunteer coordinator and accept responsibility for the coordination of this neighborhood cleanup event.
- _____ I understand that this program is for residential use only and commercial use is prohibited.
- _____ I agree to notify and get verbal approval from all residents that will have a roll-off container located in front of their property.
- _____ I agree to deliver an Event Packet that is provided by the City of Mesa, to all residents who have been identified as participants in the community cleanup event. Failure to distribute the packets containing event information (i.e. container locations, set and removal dates) will make me ineligible to be the community's Neighborhood Cleanup Volunteer Coordinator for future events.
- _____ I agree to monitor the roll-off containers and the surrounding areas and will notify the City's Program Coordinator if any unsafe conditions are identified.
- _____ I have read and understand the Frequently Asked Questions document.
- _____ I have read and understand the list of acceptable and non-acceptable items.

Intentional misuse of the Neighborhood Cleanup Program may result in the assessment of disposal fees and/or disqualification from requesting future cleanup events.

Thank you for volunteering your service to serve as the Neighborhood Cleanup Volunteer Coordinator.

Neighborhood Cleanup Program 2019 Participant List

By signing up to participate, I am in favor of having a Neighborhood Cleanup event in my neighborhood. I understand that signing does not mean that a box will be placed in front of my home.

- ◆ For safety considerations, all boxes will be placed on the same side of the street.
- ◆ Containers will not be set on arterial or minor arterial streets.
- ◆ Containers are not placed in high traffic areas and are kept a safe distance away from any traffic signals, traffic signs, fire hydrants, etc.
- ◆ Container doors will remain locked to prevent injury to residents and to avoid any potential traffic safety hazards.
- ◆ Placement of containers is subject to final approval by the Environmental Management & Sustainability Department to ensure that container location does not violate City code or compromise resident or employee safety.
