WATER UTILITY – Approved Rate Changes for January 1, 2021

Rates for water service are comprised of two components: Service Charge, with a flat monthly rate based on the water meter size and usage charge, based on units of water consumption.

Residential Customers

Increase System Service Charge and Usage rates by 1.5%
Implement final water residential tier realignment

Current Tier Structure

The first 3,000 gallons are included in the service charge
Tier 1: 4,000 – 9,000 gallons;
Tier 2: 10,000 – 18,000 gallons;
Tier 3: 19,000 – 24,000 gallons;
Tier 4: all additional 1,000 gallons;

Recommended Tier Structure

The first 3,000 gallons are included in the service charge
Tier 1: 4,000 – 7,000 gallons;
Tier 2: 8,000 – 15,000 gallons;
Tier 3: 16,000 – 24,000 gallons;
Tier 4: all additional 1,000 gallons;

Non-Residential Customers

Increase System Service Charge by 1.5%
Increase Non-Residential Usage rates by 5%
Eliminate water excess surcharge holiday, beginning December 2021
