Executive Summary:

The City of Mesa has closed the 2018/2019 fiscal year. This report shows the financial actuals for the year compared to the most recent year end estimate. The General Governmental and Enterprise Funds finished the year slightly better than budget.

The General Governmental Funds actuals for revenues finished the year on track with the year end estimate, but above budget due to an increase in sales tax revenues. The actuals for Other Departments expenditures were slightly higher than the year end estimate largely due to spending on the enterprise resource planning system upgrade project. Funding for this project was carried over into the FY 19/20 budget, however more was spent in FY 18/19 than anticipated. The overall project budget has not increased, so FY 19/20 expenditure projections have been reduced to offset the project funds spent in FY 18/19. The actuals for expenditures were slightly higher than budget due to public safety overtime costs and the addition of two Fire academies. It was not known at the time of budget adoption that two additional Fire academies would need to be held.

Overall, the Enterprise Fund net sources and uses was slightly higher than the year end estimate and adopted budget. Actuals for uses for the Wastewater utility were slightly below the year end estimate due a credit received from the 91st Avenue Wastewater Treatment Plant. The credit is determined by the amount of water sold to the Palo Verde Nuclear Generating Station, and it was not known at the time of year end estimates that the credit would be recorded in FY 18/19. The actual uses were below budget due to a $12.1M in savings from a refunding and defeasance of utility system debt and higher than anticipated Natural Gas account and consumption growth. Additionally, water consumption decreased in FY 18/19, likely due to higher rainfall, which resulted in lower than anticipated expenses at water treatment plants.

For additional detail on the City's budget and expenditure data, please visit the City of Mesa Open Data Portal at data.mesaaz.gov.
## FY 18/19 Fiscal Year End: Net Financial Status Summary

<td>$142,185</td>
<td>$149,934</td>
<td>$150,372</td>
</tr>
</tbody>
</table>

(In Thousands)

The continued growth in sales activity drove actuals higher than the year end estimate and the adopted budget. In particular, sales tax revenues were higher in the Retail (8.1% year over year growth) and Contracting (7.2% year over year growth) categories.
**FY 18/19 Fiscal Year End Revenues: Intergovernmental Summary**

The data below represents revenue collections from federal grants and reimbursements, urban revenue sharing (state income tax), state shared sales tax, vehicle license tax, state grants and reimbursements, and county and other government revenues in the General Fund and Quality of Life Fund.

<table>
<thead>
<tr>
<th></th>

</tbody>
</table>

*(In Thousands)*

Intergovernmental - Revenues

Overall, Intergovernmental revenues saw a slight increase in revenues collected from Urban Revenue Sharing, State Shared Sales Tax, and Vehicle License Tax. These revenues are calculated based on the City's share of the State population. The latest published Census Bureau population estimate showed an increase of population within the City, therefore resulting in higher than budgeted revenues. Additionally, State Sales Tax revenues increased due to higher sales activity, similar to City Sales Tax growth.
FY 18/19 Fiscal Year End Revenues: Sales and Charges for Services Summary

The data below represents revenue collections from general services, culture and recreation services, and enterprise services in the General Fund and Quality of Life Fund.

Sales and Charges for Services - Revenues

<table>
<thead>
<tr>
<th>Adopted Budget</th>
<th>Year End Estimate</th>
<th>Year to Date Actuals</th>
</tr>
</thead>
<tbody>
<tr>
<td>$11,695</td>
<td>$11,456</td>
<td>$12,120</td>
</tr>
</tbody>
</table>

(In Thousands)

Sales and Charges for Services year end actual revenues are higher than year end estimate due largely to the increase of Fire Inspection and Dispatch Fees. A portion of the Fire Inspection Fees year end estimates were recorded in the Licenses, Fees, and Permits revenues, therefore Licenses, Fees, and Permits actuals are lower than the year end estimate. The year end estimate included increased revenues from Civilian Transportation Pilot Program, where expenses related to the program are recorded in the Fire & Medical summary.
**FY 18/19 Fiscal Year End Revenues: Licenses, Fees, and Permits Summary**

The data below represents revenue collections from business licenses, permits, fees, court fees, and culture and recreation fees in the General Fund and Quality of Life Fund.

<table>
<thead>
<tr>

**Licenses, Fees, and Permits - Revenues**

Year End Estimate: $22.5M

Year To Date Budget is based on last year’s seasonality

FY 18/19 Actuals: 98%

FY 18/19 Budget: 100%

FY 17/18 Actuals: 100%

Licenses, Fees, and Permits year end actual revenues were below year end estimate largely due to a decrease in Fire Permit Fees, which were recorded as Fire Inspection Fees in the Sales & Charges for Services section. Year end estimates for Licenses, Fees, and Permits revenues are above budget largely due to increased commercial building permit fees, consistent with the City’s growth in construction and contracting activities.
The data below represents revenue collections from court and other fines in the General Fund and Quality of Life Fund.

<table>
<thead>
<tr>
<th>Adopted Budget</th>

Fines and Forfeitures - Revenues

FY 18/19 Actuals: 98%

Year End Estimate: $4.3M

FY 18/19 Budget: 100%

Year To Date Budget is based on last year's seasonality

FY 17/18 Actuals: 100%

$4.3M

Fines and Forfeitures year end actual revenues were slightly below the year end estimate due to lower than anticipated Arizona Highway and Citing Agency fees. These fee revenues are recorded in the Restricted Programs Fund for purchases related to officer safety equipment.
The data below represents revenue collections from interest, contributions and donations, other financing sources, sale of property, self insurance contributions, and other revenues in the General Fund and Quality of Life Fund.

<table>
<thead>
<tr>
<th>Adopted Budget</th>
<th>Year End Estimate</th>
<th>Year to Date Actuals</th>
</tr>
</thead>
<tbody>
<tr>
<td>$1,260</td>
<td>$3,026</td>
<td>$2,980</td>
</tr>
</tbody>
</table>

(In Thousands)

Other Revenues year end actuals are slightly below year end estimate due to accounting adjustments at the end of the fiscal year. Year end estimate is above budget largely due to increased interest on investment revenues. In FY 17/18, all interest on investment revenues were recorded at the end of the fiscal year.
FY 18/19 Fiscal Year End Revenues: Transfers In Summary

The data below represents transfers into the General Fund and Quality of Life Fund from other funds within the city.

<table>
<thead>
<tr>
<th></th>
<th>Adopted Budget</th>
<th>Year End Estimate</th>
<th>Year to Date Actuals</th>
</tr>
</thead>
<tbody>

<td>$ 120,615</td>
</tr>
<tr>
<td>(In Thousands)</td>
<td></td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Transfers In are on track. Transfers into the General Fund are mainly comprised of the quarterly contribution from the Enterprise Fund. The year end estimate is slightly above budget due to a transfer in of one-time set-a-side public safety lifecycle funds for the implementation of a data warehouse.

(In Thousands)

Community Development and Services - Expenditures

Community Development and Services year end actual expenditures were lower than the year end estimate and budget largely due to vacancy savings at the Development Services Department.

$176K of carryover expenses are included in the year to date actuals. These funds were not expended in FY 18/19 but are obligated and expected to be expended in FY 19/20.
FY 18/19 Fiscal Year End Expenditures: Parks and Library Summary

The data below represents posted expenditures in the General Fund and Quality of Life Fund from the Library Department and the Parks, Recreation and Community Facilities Department.

<table>
<thead>
<tr>

</tbody>
</table>

The Parks and Library year end actual expenditures were on track with year end estimates. Year end estimates are below budget largely due to vacancy savings at the Parks Department.

$300K of carryover expenses are included in the year to date actuals. These funds were not expended in FY 18/19 but are obligated and expected to be expended in FY 19/20.
FY 18/19 Fiscal Year End Expenditures: Law Enforcement Summary

The data below represents posted expenditures in the General Fund and Quality of Life Fund from the Police Department and the Municipal Court Department.

<table>
<thead>
<tr>
<th>Adopted Budget</th>
<th>Year End Estimate</th>
<th>Year to Date Actuals</th>
</tr>
</thead>
<tbody>
<tr>
<td>$183,699</td>
<td>$184,120</td>
<td>$184,439</td>
</tr>
</tbody>
</table>

(In Thousands)

Year end actual expenditures for Law Enforcement were on track with the year end estimate. The year end estimate for Law Enforcement was above budget largely due to increased vehicle maintenance and repair costs ($950K). The estimate also includes an increased public safety pension cost adjustment ($750K), and additional security at Light Rail stops in Mesa ($250K). Additionally, the department received funding to construct a data warehouse ($350K) that will be used to improve the department’s ability to conduct analysis. Funding for the data warehouse came from operational savings set aside in a previous fiscal year and is included in the Transfers In page within the Revenues section. These additional costs were slightly offset by jail cost savings ($960K) and vacancy savings in the Municipal Court ($600K).

$1.2M of carryover expenses are included in the year to date actuals. These funds were not expended in FY 18/19 but are obligated and expected to be expended in FY 19/20.
FY 18/19 Fiscal Year End Expenditures: Fire and Medical Summary

The data below represents posted expenditures in the General Fund and Quality of Life Fund from the Fire and Medical Department.

<table>
<thead>
<tr>
<th>Adopted Budget</th>
<th>Year End Estimate</th>
<th>Year to Date Actuals</th>
</tr>
</thead>
<tbody>
<tr>
<td>$ 78,762</td>
<td>$ 82,022</td>
<td>$ 81,579</td>
</tr>
</tbody>
</table>

(In Thousands)

The year end estimate for Fire and Medical is above budget largely due to overtime costs for firefighters and increased expenses for the October 2018 and April 2019 Fire academies. It was not known at the time of budget adoption that the academies would need to be held. The additional academy costs cover recruit salaries during the academy, instruction costs, personal protective equipment, and uniforms. Actuals finished the year slightly below budget due to lower than anticipated expenditures for personal protective equipment.

$51K of carryover expenses are included in the year to date actuals. These funds were not expended in FY 18/19 but are obligated and expected to be expended in FY 19/20.
The Other Departments year end actual expenditures finished above the year end estimate largely due to spending on the enterprise resource planning system upgrade. The additional expenditures for the enterprise resource planning system upgrade were included in the FY 18/19 carryover, which will reduce the FY 19/20 year end estimate. The year end estimate was below budget largely due to savings in the record of bad debt ($1.5M), anticipated reduced post-employment benefit payments ($1.3M), and savings on software, and software licenses at the Information Technology Department ($700K). Additionally, funding to replace chillers at the Red Mountain Multigenerational Center ($850K) was shifted to the General Capital Fund. The transfer for the chiller replacement is included in the General Capital Fund transfer within the Transfers Out section year end estimate.

$11.4M of carryover expenses are included in the year to date actuals. These funds were not anticipated to be expended in FY 18/19 but are obligated and expected to be expended in FY 19/20.
FY 18/19 Fiscal Year End Expenditures: Transfers Out Summary

The data below represents transfers out of the General Fund and Quality of Life Fund to the Vehicle Replacement Fund, Capital - General Fund, Impact Fees Funds, General Obligation Debt and Transit Fund.

<table>
<thead>
<tr>
<th>Adopted Budget</th>
<th>Year End Estimate</th>
<th>Year to Date Actuals</th>
</tr>

<tbody>
<tr>
<td>$ 49,973</td>
<td>$ 57,745</td>
<td>$ 57,482</td>
</tr>
</tbody>
</table>

(In Thousands)

Transfers Out - Expenditures

Almost all transfers from the General Fund occur at the end of the fiscal year, except for the quarterly transfers for vehicle replacements and the transfer to the Arts & Culture Fund. The year end estimate is above budget largely due to an increase in the Transit Fund transfer for an increase in Dial-a-Ride contract costs managed by Valley Metro ($1.1M), an increase in the General Capital Fund transfer for the purchase of modular burn system for Fire & Medical training ($340K), replacing chillers at the Red Mountain Multigenerational Center ($840K), as well as paying for assessments of city buildings for ADA compliance ($340K). The year-end estimate also includes a transfer corresponding to one-time budget savings that will be set aside for lifecycle needs in future years ($3.5M).

(In Thousands)

Year to Date Budget is based on last year's seasonality

Sources and uses actuals finished on track with the year end estimate. The cost of the electric commodity is passed through to the customer. Year end actuals for source and uses were below year end estimate and budget due to lowered commodity costs. However, the year end estimate for sources increased due to higher than anticipated residential and commercial account growth and a resale of unused electric commodity.

$209K of carryover expenses are included in the year to date actuals. These funds were not expended in FY 18/19 but are obligated and expected to be expended in FY 19/20.
The data below represents financial information for the Enterprise Fund for the Natural Gas sub-fund. Both direct (Energy Resources Department) and indirect (citywide) expenses are included.

FY 18/19 Fiscal Year End Natural Gas Summary

Year end actuals were on track with the year end estimate. The cost of natural gas commodity is passed through to the customer, where the costs of the commodity were lower than anticipated. Therefore, the year end estimate for sources and uses were below budget due mostly to lower than anticipated natural gas cost commodity costs. Year end actuals in sources was above budget due to increased residential and commercial account and consumption growth as well as a $2.1M settlement for commodity expenses in prior years. The Capital Transfer Out year end actuals were above budget because the $2.1M settlement received will be used for capital and infrastructure improvements, which was partially offset by $600K savings the debt service transfer due to a refinancing of Natural Gas utility system debt.

$342K of carryover expenses are included in the year to date actuals. These funds were not expended in FY 18/19 but are obligated and expected to be expended in FY 19/20.
KY 18/19 Fiscal Year End Solid Waste Summary

FY 18/19 Budget: 100%
Year To Date Budget is based on last year’s seasonality
FY 17/18 Actuals: 100%
Year: $58.2M

Solid Waste year end actual sources and uses are on track with year end estimates. Sources were above budget largely due to roll-off usage, which offset the loss in recycling program revenues. Actuals and the year end estimate finished below budget due to vacancy savings and reduced landfill tipping fee expenses. The Debt/Capital Transfers Out were below budget due to reduced capital expenses.

$1.1M of carryover expenses are included in the year to date actuals. These funds were not expended in FY 18/19 but are obligated and expected to be expended in FY 19/20.
FY 18/19 Fiscal Year End Wastewater Summary

The data below represents financial information from the Enterprise Fund for the Wastewater Sub-fund. Both direct (Water Resources Department) and indirect (citywide) expenses are included.

(In Thousands)

The year end estimate and actual for sources were slightly above budget. As residential usage revenue is calculated based on the prior year's winter water usage, last winter's lack of rainfall likely contributed to higher than normal water consumption. Savings on refinancing of utility debt ($8.9M), a credit received from the 91st Avenue Wastewater Treatment Plant based on treated wastewater sold to the Palo Verde Nuclear Generating Station ($1.5M), savings at water reclamation plants ($500K) and vacancy savings ($500K) contributed to year end estimates and actuals to be below budget. It was not known if the 91st Avenue Plant credit would be recorded in FY 18/19, so it was not included in the year end estimate.

$513K of carryover expenses are included in the year to date actuals. These funds were not expended in FY 18/19 but are obligated and expected to be expended in FY 19/20.
FY 18/19 Fiscal Year End Water Summary

The data below represents financial information from the Enterprise Fund for the Water Sub-fund. Both direct (Water Resources Department) and indirect (citywide) expenses are included.

</table>

(In Thousands)

Year end actuals for sources and uses was on track with the year end estimate. The year end estimate for sources was below budget due to lower residential and commercial water consumption. There are many factors that can influence consumption, however increased rainfall explains a portion of the consumption decrease. The year end estimate for uses was below budget largely due to $2.6M in savings on a refinancing of utility debt, lower than anticipated water commodity costs, and lower than anticipated power and chemical costs at water treatment plants due to lower water consumption.

$861K of carryover expenses are included in the year to date actuals. These funds were not expended in FY 18/19 but are obligated and expected to be expended in FY 19/20.
## FY 18/19 Fiscal Year End Convention Center Summary

The data below represents financial information from the Enterprise Fund for the Convention Center sub-fund. Both direct (Parks, Recreation and Community Facilities Department) and indirect (citywide) expenses are included.

(In Thousands)

Year end actuals for sources and uses were slightly below the year end estimate due to lower than anticipated sales and expenses for concerts and events at the Convention Center. The capital transfer was above budget due to repairs and improvements made at the Convention Center. While year end estimate for uses were on track with budget, sources were above budget due to increased ticket sales for events.

$570K of carryover expenses are included in the year to date actuals. These funds were not expended in FY 18/19 but are obligated and expected to be expended in FY 19/20.
FY 18/19 Fiscal Year End Cubs/Sloan Park Summary

The data below represents financial information from the Enterprise Fund for the Cubs/Sloan Park sub-fund. Both direct (Parks, Recreation and Community Facilities Department) and indirect (citywide) expenses are included.
